

## About Me

A Little About Me... Over 20 years of experience and knowledge of Squamish area Real Estate, working for YOU! MY COMMITMENT IS TO YOUR SUCCESS

### Personal Background

Raised on Vancouver's North Shore, and past resident of Whistler (and Jasper and Canmore, Alberta) Squamish became my home in 1988. Married to Bob Fulton &mdash; a career Firefighter with Squamish Fire Rescue &mdash; we moved to Squamish as the "middle ground" between the city and the ski area. Mother of two and caretaker of Tara the dog. Squamish has proven to be a great home choice.

### Professional Background and Credentials

Since joining National Real Estate in 1989, (now renamed Sea to Sky Real Estate Squamish Ltd). I have enjoyed a good level of success. I am a diamond master member of the REBGV Medallion Club (top 10% of Realtors in greater Vancouver). Top performer in residential in the Squamish area, I credit my success to a strong "people" background from years of hotel and tourism management, excellent area knowledge and a hard work ethic.

### Why Squamish?

Whistler was too surreal and Vancouver just too big, not to mention expensive. Squamish is the perfect location with all the right "stuff". Mountain biking, hiking, boating, windsurfing, rock climbing, skiing and golfing literally at your doorstep &mdash; the outdoor enthusiast will never be bored! Small community appeal, good schools, quiet streets, friendly neighborhoods, and low crime coupled with convenience of a forty minute drive to Vancouver and thirty minutes to Whistler Resort &mdash; why look anywhere else?
